## THE XTEND OUTDOORS STORY SO FAR...

Xtend Outdoors is a family owned business operating from the Sunshine Coast in Queensland, Australia. Formerly known as Australia Wide Annexes, our company name has changed to Xtend Outdoors in line with our expansion into New Zealand, U.S.A and Canada.

Business owner, Danny Smith, learned the art of making caravan annexes as a teenager working alongside his father, a local canvas manufacturer. Since then, he has created an international company attending upwards of 50 caravan shows a year in order to remain accessible to our customer base and maintain vital relationships within the industry.

Xtend Outdoors is a well-respected annexe manufacturing business, committed to bringing caravan and motorhome enthusiasts the very best quality products and service.

# TROPICAL ROOF COVER

This specially designed Awning Cover has a wide range of benefits. Reduce the temperature underneath your awning with this easily installed roof cover. Once it conveniently slides into the sail track, the guy ropes and poles are used to hold it securely in place.

This Awning Cover offers a cushion against the heat, condensation and the noise of the rain whilst you are sleeping. It also safeguards your awning and annexe during a hailstorm. A choice of sizes are available to suit the length of your van. You also have the option to purchase a longer cover providing front and/or rear extensions, this provides a covered area to store your BBQ or push bikes or to extend your undercover living space.

# VELCRO VINYL FLOORING

This fully customized, heavy duty vinyl floor will be cut to the required size. Xtend Outdoors will obtain exact measurements and have your flooring ready to freight or fit asap!

Easy to clean with a mixture of apple cider vinegar and water, this floor is durable and stands up well to heavy foot traffic whilst being very comfortable under foot.

# VELCRO MESH FLOORING

This flooring guarantees your area will stay clean, as all the dirt, dust and sand falls through the shade cloth and cannot return due the weave of the fibres in the matting.

This shade cloth floor is perfect for your outdoor living adventure; with it you can enjoy a sand and dirt free zone at your camping site. It can also be employed as a shade mat (offers 90%+ UV Protection) and has the ability to function as a makeshift windbreak for screening purposes.
